### Fire Arms or Weapon Attack or other Cyber Threat

#### On radio communication (staff call 100):

- **RUN** to a place of safety. This is a far better option than surrender or negotiate. Only do so if it will not put you in greater danger. Insist others go with you, do not let them slow you down and leave all belongings behind. If there's nowhere to go then;
- **HIDE**. It is better to hide than to confront. Remember to put your phone and all student phones on silent and turn off vibrate mode. Be very quiet. Barricade yourself in if you can and turn off the lights. If there is time, use the door wedge provided. Move everyone away from the door vision panel out of sight and away from windows, then **only when it is safe to do so**;
- **TELL** the Police by calling 999;
- When the Police arrive, they may be dressed differently, armed and treat you firmly. Do everything you are asked to do. Don't make any sudden gestures, stay calm, don't shout or wave your hands, keep your hands visible at all times so they can see you are unarmed.

#### Cyber Threat

If a threat is received by email or telephone, then the Trust CEO or Headteacher or a member of the CIMT will make the decision to evacuate. Either of the prior two or member of the CIMT will inform the police.

#### Context

At the moment, the issue of terrorist attacks is regularly in the news, but it has been on the Security Services agenda for much longer. The police and security service have been working constantly to foil terrorist attacks for years, not months. They are not complacent about keeping you safe. Due to events in the UK and abroad, people are understandably concerned about a firearms or weapons attack. These attacks are very rare but in the event of such an attack, it helps to be prepared. Remember, attacks of this nature are still very rare in the UK.

**So, Stay Safe and just remember the words:**

#### **RUN. HIDE. TELL.**

To watch the Stay Safe Film, visit <https://youtu.be/WDiv-PwEde4>

**Information is vital. If you see or hear, something that could be terrorist related, trust your instincts and call the confidential Anti-Terrorist hotline on 0800 789 321. The specially trained officers will take it from there. Your call could save lives.**

**Recommendations:**

- Regularly - all existing/new staff to be trained/watch the Stay Safe film
- Regularly refresh training. Check staff understanding
- All staff to watch <https://youtu.be/WDiv-PwEde4>
- All staff to watch <https://youtu.be/jmYmLg-jQjc>
- All staff to watch <https://youtu.be/s3y51Vd4kJ4>
- Run and Hide to stay safe, but only do so, if it will not put you in greater danger of a Fire Arms Weapons Attack
- Ensure all people know what is expected of them, their roles and responsibilities
- Regularly test and exercise plans with staff
