

English

In English we will follow the Talk for Writing process to learn, explore and write different text types. This term, Mrs Inchbold's class will be studying instructions, fantasy stories and Explanation texts whilst Mr Hulland and Miss Hart's classes will be studying information texts and creating a news recount. They will also be writing a portal story as well as a set of instructions based on how to make a marsh bomb sweet. Year 4 will be reading and analysing the texts Forces and Magnets and The Iron Man this term. Year 3 will be reading Revolting Rhymes.

Art

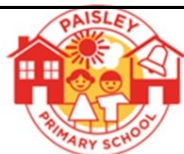

As artists we are studying Sculpture with clay. We will learn about ceramists Eliane Monnin and ReCheng Tsang and take inspiration from their work. We will be learning how to manipulate clay using a range of techniques to create our final piece.

Other Subjects

- In PE, our units are Gymnastics, Netball and Outdoor and Adventurous Activity
- In RE, our unit is People Who Inspire Us
- In computing, our unit is data logging
- In music, our lessons will continue to be taught by Hull Music Service
- In PSHCE, our units are Dreams and Goals and Healthy Me

Design Technology

In design and technology, we will be learning how to design, produce and evaluate a torch. The torch will have a simple circuit that includes a switch. This unit will provide a good opportunity to transfer knowledge gained from prior science lessons linked to circuits and electricity.

Years 3 and 4

Spring Term 2024

Geography

In geography we will continue studying our city and local area with a focus on completing our unit settlements and we will be moving on to our new unit tectonic activity. We will begin by studying mountains.

History

As historians we will be studying various aspects of Viking Britain. We will focus on the following key themes:

- Who the Vikings were
- How and why the Vikings invaded Britain
- How the Vikings lived

Maths

In **Mrs Inchbold's group**, pupils will study the following key areas:

- Multiplication and division
- Length, perimeter and area
- Fractions

In **Mr Hulland's group**, pupils will study the following key areas:

- Multiplication and division
- Addition and subtraction
- Money
- Shape

In **Miss Hart's group**, pupils will study the following key areas:

- Multiplication and division
- Length and perimeter
- Fractions
- Mass and capacity

Science

In science lessons we will be studying sound. We will be experimenting with how sound is made and how it travels whilst learning about the roles of the different parts of the ear.

We will then study plants in our 'How does your garden grow?' unit. We will identify different parts of plants and learn about the things plants need to grow and survive.
