

English

In Key Stage 1, we will continue to enjoy our reading journey in school. This term we will be taking part in the James Reckitt Award where we get to read new and exciting books and vote for which we like the best. Some of them are so funny!

We will continue daily Read Write Inc sessions to help us with our sound recognition, blending and fluency. We are now using our library more and more and enjoy borrowing some stories to bring home.

As writers we will follow the Talk for Writing approach in both fiction and non-fiction writing. We will learn texts orally, make various changes and create our own pieces using the writing elements we have learnt. This term we will be looking at some wonderful stories to inspire us to write our own. We will also be writing some recounts of our experiences in school from our 'hook' days. We are also looking forward to the activities during world book day.

Music

This term we will be learning how to play percussion instruments including the glockenspiel. We will be initially learning the C note and focusing on finding and maintaining a beat.

KS1 event dates for your diary

NSPCC Number Day 2.2.24

Parents evening 26.2.24 & 28.2.24

World Book Day 7.3.24

KS1 Class Performance 20.3.24

Key Stage 1

Science

In Science this term, we will be learning about plants and what they need to grow. We will be planting seeds and carrying out an investigation to observe how well the seeds grow in different environments. We are excited to see plants in our classrooms! We will also be learning about the parts of a plant and will be able to correctly name each part.

Geography

This term we will be focusing on local geography. We will be exploring the school grounds and making maps with the aid of aerial photographs. We will also look at maps of the UK and begin to locate its countries and the amazing place we live - Hull.

Maths

In Year 2, we will continue to study multiplication and division investigating the 2, 5 and 10 times tables. Children will then study place value within 20, addition and subtraction and money. There will be a large emphasis on practical learning as well as embedding skills through everyday situations and problems.

In Year 1, we will learn to add and subtract within 20 using number lines as aids. We will continue to focus on number reversals and correcting number formation. We will then continue to develop our understanding of place value aiming to confidently recognise how many tens and ones numbers to 20 are made up of.

Arts & Design

In Design Technology, we will be creating some special moving posters. In Art & Design we will be learning to draw and paint self-portraits. We will mix different skin colours and print a background based on the artist Frida Kahlo.

RE

In RE lessons, we will be looking through the Theological lens, exploring how beliefs are expressed. Children will be introduced to key figures from Old and New Testaments alongside stories from other religious traditions.
